

- They have tried to save as many heritage trees as they can.
- Mr. Matt Golas noted that the plans did not show a Pin Oak on the plan and would like it shown on the plans. He also stressed the importance of the tree protection is up before demolition.

**The Radnor Township Shade Tree Commission recommended:** Applicant should prune the remaining exiting trees, update the plan to note the additional oak with the tree posing with the tree fencing

**Approval 5-0**

*Jack Millerick, Chair, Clare Girton, Matt Golas, Jeff Boogay, Virginia Hart, Eileen Brett*

**Contractors:** Mr. Norcini suggested sending out letters with a copy of our ordinance to all local Tree Service contractors. He also suggested adding an article/notice in the Radnor Magazine

**Trees Removed without Approval**

Pine Tree Road – Mr. Steve Norcini will be sending out a letter to the contractor.

**Clearing Permits**

None at this time

**A Proposed Radnor Bamboo Ordinance**

- Mr. Millerick reviewed the suggested changes to the Ordinance
  - Remove all of section C and D and replace it with: ***“Prohibition. Upon the effective date of this provision the planting or growing of Bamboo shall be prohibited within the Township. Any person who there-after plants or calls us to be planted , Bamboo within the Township shall be deemed in violation of this section, and shall be subject to such penalties as are set forth hereunder.”***
  - Commission suggested striking the word growing and grows to planting of new bamboo

**The Radnor Township Shade Tree Commission recommended:** Agree with the suggested replacement for Section C & D providing they strike the words associated with growing or grow

**Approved 5-0**

**Old Business**

**A Proposed Tree Species for Shade Tree Ordinance**

- Mr. Golas explained how the current tree list is out of date and there are many trees on the list that aren't in the trade. Also, due to climate change, a lot of trees are flourishing in Radnor that 20 years ago would not have and trees that would have been okay 20 years ago are suffering.
- With the assistance of John Hosbach, Township Arborist, Mr. Golas came up with a list of trees and produced a template where it was user friendly.
- Mr. Norcini explained that in order to implement this list, it would be an amendment to the Shade Tree Ordinance and would need to be submitted to the Township Solicitor and then to the Township Manager. The final step would be to present the change to the Board of Commissioners.

**B Shade Tree Check List**

- **Mr. Golas explained that the current list does not agree with the current ordinance (tree replacement numbers, tree size etc.)**
  - New checklist will be posted and become part of the new Grading Permit package

**Motion to approve Master Shade Tree Plan 5-0**

*Jack Millerick, Chair, Clare Girton, Matt Golas, Virginia Hart, Eileen Brett*

**New Business**

None at this time

**Hazardous Trees**

***The Radnor Township Shade Tree Commission***

***Approved 5-0***
