**Janice Grant Berenstein
Radnor High School
Class of 1941**

Born in 1923, Jan grew up on County Line Road in Rosemont. During World War II, Jan worked as a draftswoman for the Army Corp of Engineers and as an aircraft riveter building the US Navy's PBY flying boat.

Carrying on the Berenstain tradition, Jan and Stan's two sons are also writers and illustrators of books for children.

While a student at Radnor High School, Jan was co-captain of the varsity field hockey team in her senior year and co-art editor of the senior yearbook, in which she did "Alice in Wonderland" pen and ink drawings (see right). She also used her artistic talent to make posters for school dances, sporting events, plays and concerts.
