Dear Jim,

On behalf of all of us at the Wayne Senior Center, I want to thank you for all your help with our Active Aging Event on Saturday. Jim, you really are one of the nicest guys I know. When we asked; you didn't even hesitate to say you'd take care of us. And take care of us, you did. We couldn't have done it without you. Even in that large space, you had all the equipment set up perfectly so that everyone could hear our speakers very well.

Having you there, joining right in the spirit of the event meant a lot to me. I couldn't help but think of your grandmother and your great-grandmother and how proud they would be of the wonderful man you have grown to be. Radnor Township is very fortunate to have you!

Thank you again for your kindness.

Very truly yours,

Susan L. Shapiro  
Executive Director
