

Garrett Hill Master Plan

January 15, 2007

Campbell Thomas & Company

Project Understanding

- Change will happen, and we can influence it
- Need a strong community vision and consensus for action to build the future we want
- Create a plan that describes the future we would like to see for Garrett Hill
 - Recommend capital projects that would help implement the plan
 - Develop zoning and subdivision language to support the plan

COMMUNITY MEETINGS

The Mount Joy/Donnegal Region Urban Growth Area (UGA) is beginning a Master Plan focused on shaping how new development and redevelopment happen in the region. One of the goals of the plan is to target new development in the existing urban growth area so we can preserve more farmland and natural areas.

Two upcoming public meetings will kick-off the plan. At the first meeting, we will introduce the plan and then turn it over to you to tell us about the issues you see facing the area. At the second meeting, we will roll up our sleeves and work on those issues, using maps, photos and other tools to create possible solutions.

We want to hear from you!

For more information please contact your municipality or Jennifer Luciani at Mount Joy Borough (717) 653-2300.

Coming soon to a location near you:

**Meeting 1:
