FR: William A. Colarulo

**RE: STAFF TRAFFIC COMMITTEE MEETING HELD IN THE POLICE ROLL CALL ROOM,
WEDNESDAY, AUGUST 16, 2017, 10:00 AM.**

NEW BUSINESS:

1. Michael Salek is requesting a crosswalk at the intersection of Conestoga Road and Bloomingdale Avenue which would reduce the risk of injury and death.
2. Susan Page is requesting to hold the 5th Annual Dan's Down Dog and Dash Saturday, October 14th 2017.
3. Kerri Morrison is reporting a line of sight issue at the intersection of Braebank Lane and County Line Road at the entrance/exit to the development. She is requesting that the owner of 101 Braebank Lane remove the shrubs, plants and trees.
4. Jane Lemmon is reporting a line of sight issue at the intersection of Kinterra Road and Church Road.
5. Devon Cheshire is reporting an increased amount of traffic on Malin Road due to the WAZE app navigating traffic off of Route 252 and onto backroads. She would like the Township to have WAZE remove Malin Road from its directory.
6. Terese DuPont is reporting at South Aberdeen and Church both lights are green at the same time but there is no line of sight south from South Aberdeen to Church. The light is short so cars going north on Church often speed up to make the light. Trying to turn left onto Conestoga across this traffic without being able to see cars coming is very dangerous. When pulling into this intersection while attempting this left turn to let cars onto Church, you cannot see the light turn red.
7. Radnor Township Police Department is applying for the State Road Closure for the WBA Fall Festival.

8. Main Line Chamber Run on September 10, 2017 from 0800 hours – 1100 hours.

OLD BUSINESS:

1. Traffic calming on County Line Road related to the intersections of Montrose Avenue and Roberts Road.
2. Commissioner Booker is reporting commercial trucks exiting through the neighborhood in the area of Belrose and Glenmary. He would like a review of no trucks posting signs.
3. South Wayne Porch Fest update.
4. Highway Patrol is currently evaluating bridge height warning signals.
5. Bonnie Maniker requests a speed table/crosswalk on Petrie Avenue, at the pocket park entrance.
6. Saint Katharine's parking congestion on Midland Avenue.
