

TREE CITY USA®

2012 Arbor Day Celebration

Recreation & Community
Programming Department

Tuesday, April 24th, 2012 • Friends of Radnor Trail Park/Radnor Trail

Members of the Radnor Community took part in the Annual Arbor Day Celebration to honor Radnor Township's recognition as a Tree City USA for 20 years!

This unique holiday not only celebrates the trees all around us, but signifies the growth & future of our beautiful community! As part of the annual tradition at this event, we conducted a ceremonial tree planting of 6 trees!

- We would like to thank the Radnor Conservancy and the Radnor Cub Scout Packs 19 & 371 who made this day special! The Radnor Conservancy contributed 6 new trees, which they and the Cub Scout Packs planted along the Radnor Trail with other members of the Radnor Community. Everyone jumped in and got their hands dirty as they learned about the important steps included in planting a tree!
- A representative from the PA Department of Conservation & Natural Resources Bureau of Forestry joined us to talk about the *Roots of Arbor Day* and presented the Township with its *Tree City USA Award!*
- The Scouts rounded off the evening with a project where they made their own personal potted plant creation to take home!

Thank you to Mr. Howard Holden, Radnor Township's Chair of the Shade Tree Commission, & leader in the preservation and planting of trees throughout Radnor Township. Mr. Holden submitted the original application to have Radnor Township named a Tree City USA!

Other attendees and guest speakers included members of the Radnor Township Board of Commissioners, the Parks & Recreation Board, and Township Staff. Thank you to everyone for taking part in this memorable event to commemorate the 20 Year Anniversary!
