

RADNOR TOWNSHIP

Q2 2022 Finance Report

July 13, 2022

Radnor Township Finance Update

January – June 2022

Quarterly Update | Q2 2022

This report builds on the first quarter activity and includes a comprehensive look at all the Township's fund revenue, expenses, and net activity. Additionally, the report provides a more detailed look at some of the more significant areas of the General Fund budget, including real estate taxes, business taxes, departmental earnings, and departmental spending. The report shows actual activity per month, as compared to the same period from the last three years as well as a current year budget to actual comparison. This two-page executive summary highlights the more significant items.

Here are the four biggest take-aways from the first half of 2022

1. Real Estate Taxes hit their mark
2. Act 511 revenue is exceeding expectations, **again**
3. General Fund expenses are in-line with budgets, despite two large timing differences and unexpected retirement payouts
4. Sanitary Sewer Fund needed \$850K from the General Fund to make ends meet

General Fund Summary

General Fund revenues continue to perform well when compared to both prior year comparisons and what was budgeted. Real estate taxes are hitting their targets with \$13.2MM to-date. With the discount period having passed, expected collections of 94% are exactly where they should be. For the remaining months, non-discount payments, interim payments, and small amounts of delinquent payments will come in. Regarding Act 511 taxes, now that the due date has passed, we can get a good feel on how they performed. Transfer taxes remain ahead of pre-COVID levels at \$1.7MM, while business privilege and mercantile taxes are both exceeding 2021 amounts and 2022 budgets at \$7.1MM, \$1.0MM, respectively. Additionally, audit and discovery revenue continue to come in and is now at \$847K to-date. In total, for the business taxes, Radnor has collected \$11.2MM out of the full year budget of \$13.7MM from this category, which is better than expected. Permitting revenue continues to out-pace prior years due to a one-time Villanova University permit (CEER building). Overall, General Fund revenues look good with the largest, most important categories hitting their marks.

General Fund expenses through June 30 are \$18.0 Million, just a 1.3% increase from 2021. Highlights include (1) Payroll is at 50% of budget (where it should be), but up 10.5% over 2021 due to Police retirement payouts and filling vacant positions in Finance and Public Works, (2) payroll liabilities are up due to a timing difference in pension and OPEB payments that will normalize in Q3, (3) all non-payroll related expenses are in-line with both budgeted amounts and prior-year comparisons, and (4) given concerns surrounding gas prices; note that gas costs are up 77%, but total costs are minimal at \$158K, or 0.9% of expenses. Overall, General Fund expenses are falling in-line with budgeted amounts to-date.

2023 Budget Calendar Plan

1. Departments complete requests by July 31
2. Preliminary 2023 Budget and five-year forecast to BOC in August
3. Public meetings in September / October
4. Adoption in November

Net Revenue

The graph below shows the General Fund Net Revenue as of June 30 of each year. For 2022, the large expense timing differences are temporarily holding the net revenue down in what is turning out to be a very favorable revenue year for the Township. Without raising taxes since 2019, net revenues are up considerably and have fully recovered from COVID related setbacks.

Sewer Fund Summary

Sewer Rent bills go out April 1 and are due May 31. With the bulk of collections complete, revenues are up 9.6% over 2021, which matches the rate increase included in the 2022 billing, but the total is still lagging expectations. In fact, \$850,000 was needed from the General Fund to support the RHM payments due to the revenue and cash shortages. The fund houses three primary expenses; RHM payments, debt payments, and Public Works operations. The RHM payments are, by far, the largest expense of the fund with \$2.2MM of the \$5.0MM budgeted spent so far in 2022. Debt payments are fixed, and operations are in-line with the budget at \$280K. Ultimately, the accuracy of the revenue projections depends greatly on the water consumption amounts provided by Aqua. This fund and its activity will be a significant discussion item at budget time as it cannot consistently drain on General Fund balances.

Stormwater Summary

The stormwater fee is included on the same bill as the sanitary sewer fee. Since its inception back in 2014, the annual fee has remained at \$29/ unit and total revenues have been equally consistent at \$1.0MM per year. 2022 was no different with revenues at \$1,012,873 through June. These revenues are used for two primary areas: (1) ongoing design and construction costs for smaller stormwater infrastructure and flood mitigation projects, and (2) debt service on newly borrowed funds (in 2022) for larger projects, typically exceeding \$500,000 per project. Currently, the fund is paying for the South Wayne Parking Lot Flood Mitigation project which began in early May. As approved by the Board in the spring, several other large projects are slated to begin this summer and fall (permitting dependent).

Looking Forward

Having completed our major revenue cycles for the year, the Finance Department shifts focus to collecting on past balances and with Act 511 compliance payments. In fact, several known large Act 511 deposits are expected in July to the tune of \$845K. Those deposits will only widen the positive variance in a revenue category that continues to perform extremely well. We are still anticipating the 2022 allotment of the Federal ARPA funds in the amount of \$1.668MM in July.

Change In Cash Balance	\$ (895,384)	\$ 3,656,117		\$ 4,343	\$ 2,905,845	

Footnotes:

1. Year over year revenues are in line. However, those actual collections have lagged estimates. Finance is looking into why.
2. The 2021 Contracted Services expense is missing the June RHM payment (\$1.0MM) that was posted in July.
3. To help the sewer fund with cash flow, the General Fund had to transfer \$1,300,000 in January. As much of this will be transferred back once the RHM and operating expenses for 2021 are known (in November or December)
