QUESTION(S) ABOUT BUSINESS LICENSE AND REGISTRATION

QUESTION: My business license expires at the end of the calendar year. How and when do I renew my business license?

ANSWER: Businesses continuing to operate in the Township from year to year renew their business licenses when they file their business tax returns on or before May 15th. Therefore, although the license is for the calendar year, it does not have to be obtained until May 15th as long as the prior year's license is still active. Entities that are just beginning to operate in the Township get their businesses license when they file their New Business License Registration.

Please refer to the Township's Business Tax Regulations for more information on Business License and Registration.
