Rules & Regulations

- Special Event Sponsor fee is \$250, required **at the time the application is approved** by Radnor Township. Please keep in mind that additional fees may be charged for any additional permits as needed.
 - A site plan map of your event must be included with your Special Event Permit Application identifying the location of stages, vendor booths, portable toilets, registration area, etc. For runs, walks, and parades, the site plan map must also outline your proposed route. If your event will generate additional traffic, or interrupt existing traffic on any township street, a traffic control plan outlining necessary street closures is required before a Special Event Permit will be issued.
 - Special Event Permit Applications may require review by the Radnor Township Board of Commissioners for approval or denial. Need for review by the BOC is based on size, scope, and impact of event.
 - Upon final review and approval of the requested event, the individual or organization responsible may be required to sign a Letter of Understanding recognizing any special arrangements made as a result of the event's approval.
- All debris and trash must be removed from an event site immediately after the event. Failure to do so may require the Township to call upon the Public Works Department. All expenses will be the responsibility of the event applicant. The applicant is required to provide recycling receptacles at the event. All expenses will be the responsibility of the event applicant.
 - Depending on the duration of your event and the availability of public restrooms, you may need to rent portable chemical toilets to accommodate participants. We encourage you to locate a local provider and make arrangements to bring in portable bathrooms and/or hand washing stations during your event. We estimate at least one (1) chemical toilet for every 150 people.
- A **Certificate of Liability Insurance** acceptable to the Township naming the Township as an additional insured must be acquired before an event and maintained for the duration of the event, including set-up and break down periods. The name of the insured, the insurance carrier, the policy number, and coverage of the limits must be stated on the certificate of the insurance as well as the effective and expiration dates for the coverage. The name on the insurance form **must be the same** on the Permit issued by Radnor Township. An endorsement naming "Radnor Township, 301 Iven Avenue, Wayne, PA 19087" as additional insured must be stated on the certificate of insurance and filed with Radnor Township at least seven (7) days prior to the event.
 - IF ALCOHOL WILL BE SERVED, a liquor liability endorsement is also required and must be stated on the certificate of insurance.
 - IF THERE WILL BE VENDORS OR CONTRACTED ACTIVITIES at the event, Radnor Township must also have a copy of their General Liability Insurance on file no later than seven (7) days prior to the event with the Township listed as the additional insured.
- You must receive approval for your event before you promote, market, or advertise your event. Conditional approval will be made after the event organizer submits the application and it is initially screened. **Acceptance of your Special Event Permit Application by the Township is not a guarantee of the date, location, or an automatic approval of your event.**
 - Please consult the Community Development Department to determine additional permits and/or fees that may be required. Any outdoor signage must be immediately removed within 24 hours of the event ending.
- In some cases, the need for police detail from the Radnor Township Police Department, a professional security company, or a combination of both may be required by Radnor Township to obtain a Special Event Permit. The Radnor Township Police Department determines the need, number, and type of security personnel based on expected attendance, location of the event, the presence of alcohol, history of the event, nature of the event, street closures, and the amount of advertising used for an event.
 - Only readily removable barricades may be used for street closures and lane of clearance is always required for emergency vehicle access. You may be required to provide advisory signs (placed a minimum of two weeks prior to the event) if your event impacts a major use roadway. Advisory signs are intended to provide advanced notice to the regular users of a roadway of the scheduled closure.
