Dear Mr. Rambo:

This letter serves as notification to you, that as the apparent low and responsible bidder for the above contract, and to follow the requirements in Radnor Township's ("Township") Ordinance 2022-08 Responsible Contractor Requirements for Township Contracts ("Ordinance"), you are required to complete and return the following:

WHEREAS, _____, (hereinafter the "Subcontractor") intends to enter into a subcontract with GLASGOW, INC. - (2) The Subcontractor meets the bonding requirements for the Improvements, as required by applicable law or contract specifications and any insurance requirements, as required by applicable law or contract specifications, including general liability insurance, workers compensation insurance and unemployment insurance.
- (3) The Subcontractor has not been debarred or suspended by any federal, state or local government agency or authority in the past three years.
- (4) The Subcontractor has not defaulted on any project in the past three (3) years.
- (5) The Subcontractor has not had any type of business, contracting or trade license, registration, or other certification revoked or suspended in the past three (3) years.
- (6) The Subcontractor and its owners have not been convicted of any crime relating to the contracting business in the past ten (10) years.
- (7) The Subcontractor has not within the past three (3) years been found in violation of any law applicable to its contracting business, including, but not limited to, licensing laws, tax laws, prompt payment laws, wage and hour laws, prevailing wage laws, environmental laws or others, where the result of such violation was the payment of a fine, back pay damages or any other type of penalty in the amount of \$1,000 or more.
- (8) The Subcontractor will pay all craft employees that it employs on the Improvements the current wage rates and fringe benefits as required under applicable federal, state or local wage laws.
- (9) All craft labor that will be employed by the Subcontractor for the Improvements have completed the OSHA 10-hour training course for safety established by the U.S. Department of Labor, Occupational Safety & Health Administration. If the Contractor is a prime contractor, it shall also ensure that at least

The Subcontractor acknowledges that the execution of this Certification required by Ordinance 2022-08 (hereinafter the "Ordinance") shall not establish a presumption of contractor responsibility and the Contractor and Owner may require any additional information it deems necessary to evaluate a firm's status as a responsible contractor, including technical qualifications, financial capacity or other resources and performance capabilities.

If the Subcontractor has ever operated under another name or controls, is controlled by another company or business entity or in the past five (5) years controlled or was controlled by another company or business entity, whether as a parent company, subsidiary or in any other business relation, it shall attach a separate statement to this Certification that explains in detail the nature of any such relationship and shall provide any additional information as may be required from such an entity if the relationship in question could potentially impact contract performance.

I state that _____ (“Subcontractor”) understands and acknowledges that the above representations are material and important, and will be relied on by the Contractor and Owner for the Improvements. I understand and my firm understands that any misstatement in this Certification is and shall be treated as fraudulent concealment from the Contractor and Owner of the true facts relating to the submission of this bid.
