

SITE ENGINEERING CONCEPTS, LLCConsulting Engineering and Land Development Services

Robert M. Lambert, Jr., P.E.

Civil Engineer and Project Manager

EDUCATION

Bachelor of Science in Civil Engineering, 1997
University of Notre Dame; Notre Dame, Indiana

Masters of Science in Civil Engineering, 1999
Villanova University; Villanova, Pennsylvania

RESPONSIBILITIES AND EXPERIENCE

Mr. Lambert founded SITE Engineering Concepts, LLC in 2003. He is also the project manager for institutional, commercial and residential subdivision and land development projects. He was the primary designer for two Growing Greener Grant Projects featured within Villanova University's Best Management Practice Demonstration Park for water quality. In addition to subdivision and land development approvals, he has obtained local, county, state and federal permits for many clients. These permits include local and county erosion and sedimentation control, Pennsylvania Department of Transportation highway occupancy, Pennsylvania Department of Environmental Protection and Army Corps of Engineers permits. His responsibilities include site planning, layout, grading, hydraulic analysis, storm drainage and stormwater management design. Mr. Lambert routinely presents expert witness testimony before municipalities.
