Sponsorship Opportunities

The Recreation & Community Programming Department's programming base spans a range of activities for preschoolers, youths, teens, adults, seniors, and families. Activities are developed to promote healthy and active lifestyles, stimulate social interaction, boost mental health and well being, strengthen the community, and celebrate the natural environment. Aside from seasonal programming, the Department also plans many special events designed to bring the community together. In order to deliver more community events over the course of the year, we have been taking steps to build relationships through sponsorships. By providing local, regional, and national businesses and nonprofit groups with a method for becoming involved with the many opportunities provided by the Recreation & Community Programming Department, we are able to deliver quality, life-enriching activities to the broad base of our community. This translates into exceptional visibility for everyone! We welcome you to join us and appreciate your consideration!

This is a great opportunity to reach out to the community and promote awareness of your business or organization while supporting the recreation programs.
